NECTAR GIFT WRAP
SEE PAGE 6

ACTUAL SIZE PATTERN

Welcome to our biggest ever catalogue for 2026

We are very excited to launch three ranges of gift wrap and three ranges of art prints.

Take a look at the gift wrap designed to complement our very popular Nectar cards -

and also for children and animal lovers, the Amazing Animals gift wrap. Enthusiasm never wanes for Dinosaurs: gift wrap and/or poster. Let us know if you would like a sample swatch.

Beautiful new A4 art prints in the Simple Pleasures, On the Farm and Diana Fegredo ranges. We have had so many requests for them - how could we say 'no'?

We've also added to the Flower Garden range. My gardening took a back seat last August when a young badger took up residence during the drought. It was still a delight to grow and photograph these beautiful flowers, even if the borders were dishevelled.

If we can help in any way, then please don't hesitate to contact us either by telephone or email:

ARTWORK
THAT CREATES
A SPECIAL

"I've been gardening since I was a small child, and I enjoy spending time at home among my flowers. It has been lovely to see the garden take shape and evolve over 30 years, and I still get a thrill to see the seeds I've sown grow and blossom."

SUPPLIED IN SINGLES

This range of "On the Farm" cards are made from original lino prints from the studio of artist Ann Edwards.

A lino print is an original, unique work of art. It is a time consuming and technically exacting process made by cutting into a piece of an artist's lino, then printing by hand using an antique 150 year old printing press. The finished lino print is then coloured with watercolour.

EACH IMAGE BEGINS WITH A SPLASH OF PAINT THAT

ENVIRONMENT

We are constantly assessing the way that we produce our cards to ensure the least impact on the environment. We are committed to only producing biodegradable and recyclable products.

We are also working towards becoming a zero waste business.

FSC & PEFC BOARD

Our cards are printed on FSC and PEFC boards as standard.

MADE IN THE UK

All our cards, envelopes, cello bags and labels are manufactured in the UK.

COMPOSTABLE CELLOBAGS OR RECYCLABLE BELLY BANDS?

Most of our customers prefer their greeting cards to be packed in compostable clear cellobags. This is the best option especially for outside spinners, or the damp environments of a garden centre or florist.

However, some of our customers prefer a naked card and we can pack your order using semi-transparent belly bands. These are paper-based, and so fully recyclable.

Just let us know which you prefer when you place your order.

This catalogue is printed in the UK on PEFC accredited paper using vegetable inks.

We have a 24 hour answering machine, so do leave a message with your contact details and a good time for us to get in touch with you.
